Boston Globe's Daily Shopping Tip **Carry on, and on**

Do you carry your belongings in a paper bag that advertises where you buy produce? Perhaps it's time to buy a **Flee** carrier. When Suzanne Robin got tired of replacing her bags, the Newton resident came up with a line of stylish, waterproof bags with fun names including Mini Flee. The oilcloth collection includes totes, backpacks, and diaper bags. Prices start at \$32. The bags will be sold at the New England Flower Show at the Bayside Expo Center (March 17-25).
